The Director

GACarver, Jr.

1. Attached is the backup book we gave you for the 24 January SRG meeting. Since the 31 January NSC will probably cover similar subjects, this book may be useful to have with you at the NSC session.

2. The Abrams cable is summarized and commented on in the memorandum at the front of the book.

3. We are re-examining the infiltration and logistic movement data and fresh tables reflecting the latest information will be given to you by [] before noon. Both subjects are covered in some detail in the opening pages of the printed Intelligence Memorandum entitled, "Vietnam Assessment: Supplementary Data for the SRG" that is in your backup book.
